

NLP HANDS-ON FRIDAY

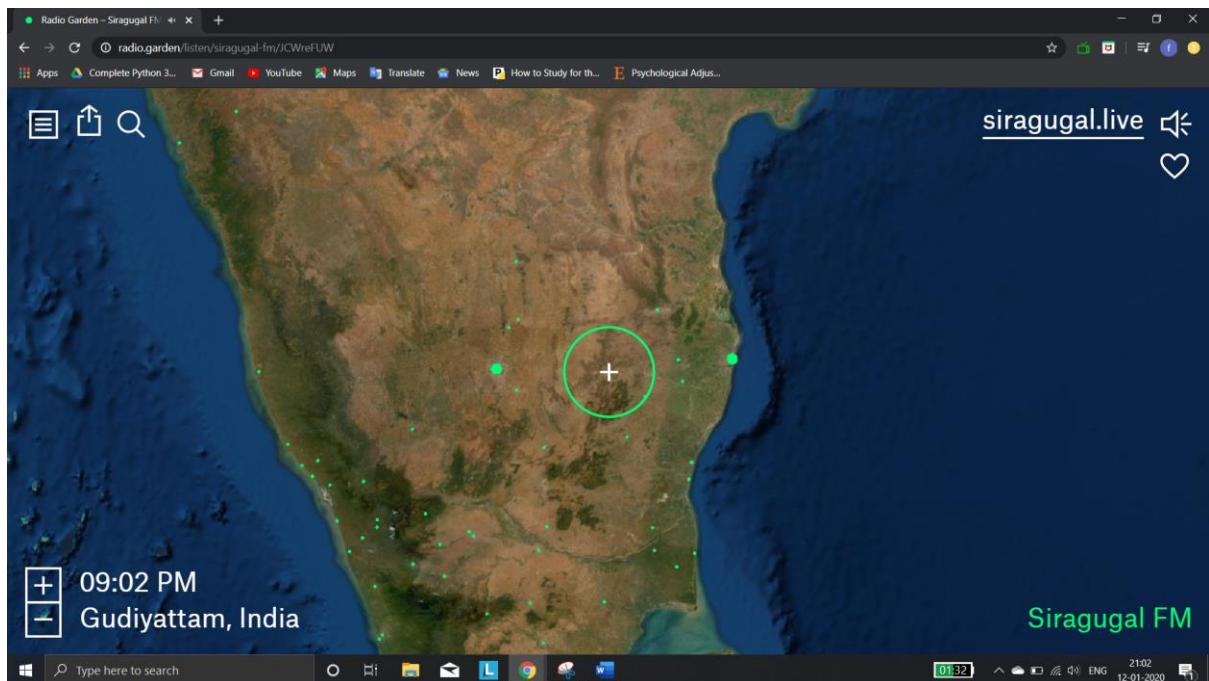

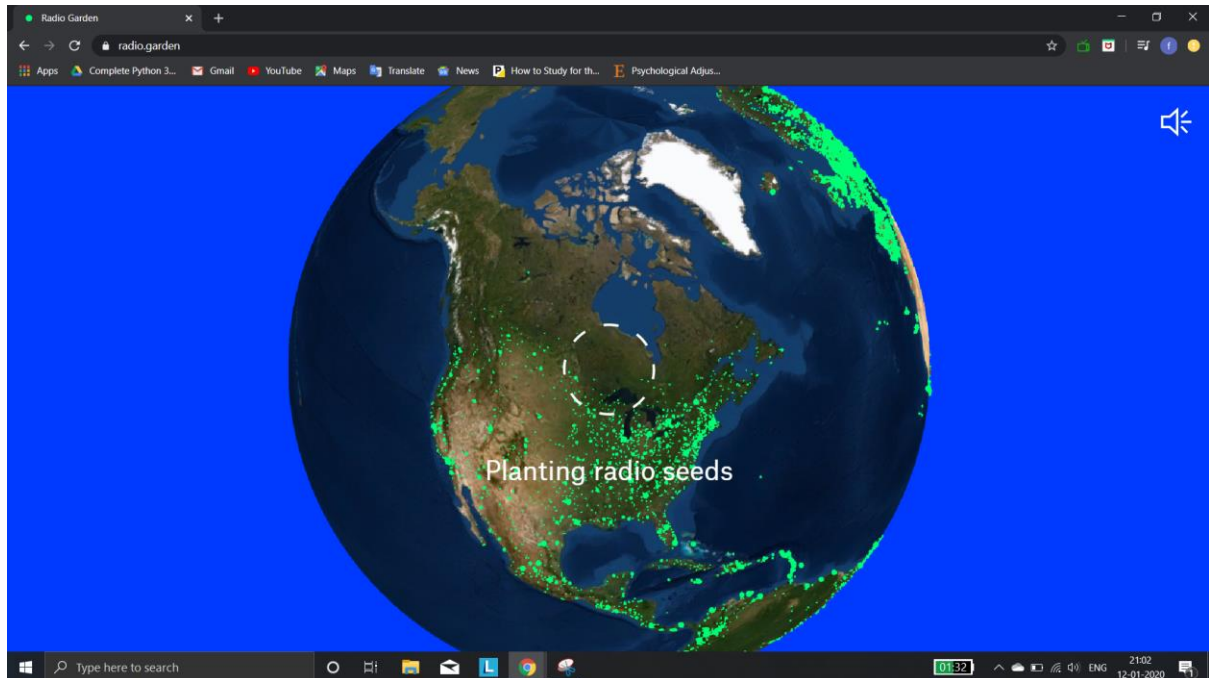

PROF. SHARMILA BANU K MAM

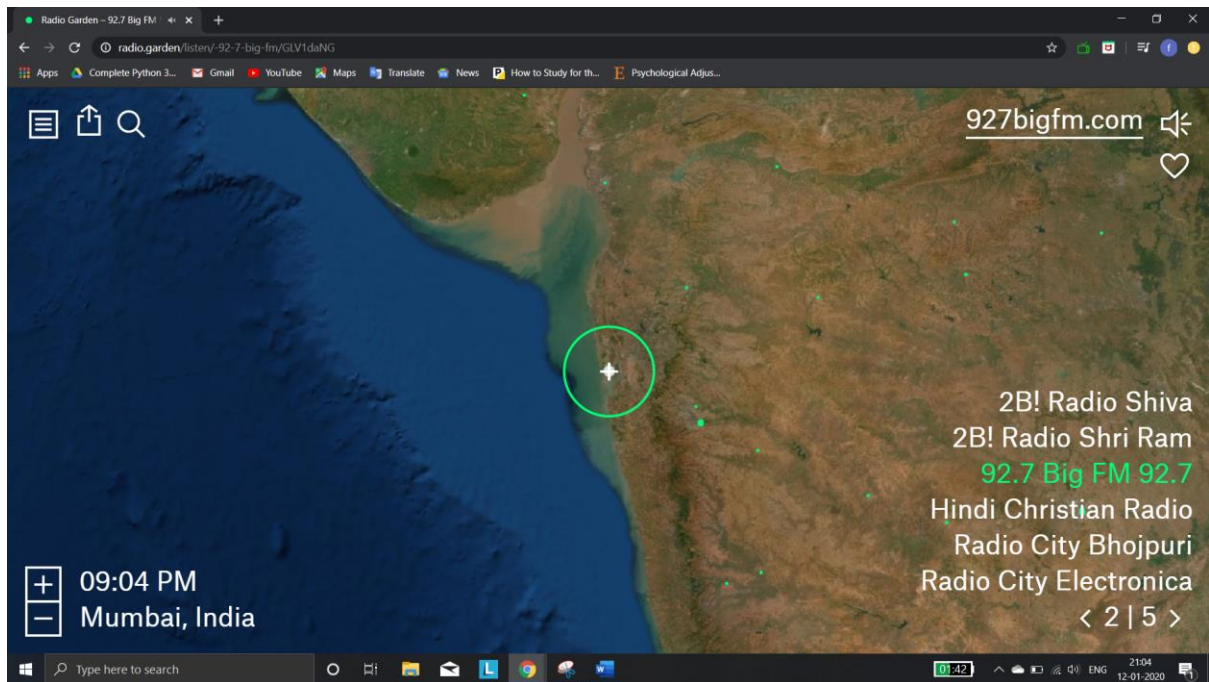

FARDEEN NADEEM SHAIKH
17BCE0796

Hands-on:

<https://radio.garden/>

Uses:

1. Collection of voice data on current situations and happenings in that particular area.
2. To know about any disaster or natural calamity.
3. To know about on going or coming festivals in that area and to prepare for various business schemes and discounts.
4. For online businesses like amazon, filpkart....to recommend products based on the data collected from these radio stations.
5. To learn about the culture of that place.
6. To understand the evolution of language.
